HELLO

Mlefevre@ccsdetroit.edu
(517-388-7784)

I am an Interior Design student at the College for Creative Studies with a strong foundation in creative problem-solving, visual storytelling, and human-centered design. I thrive in collaborative environments and bring a detail-oriented, research-driven approach to every project. My work blends functionality with compelling aesthetics, drawing inspiration from art, culture, and mid-century modern design. With experience in concept development, 3D modeling, and digital rendering, I'm passionate about creating spaces that are thoughtful, engaging, and accessible. I'm continually expanding my skills and excited to contribute fresh ideas and dedicated craftsmanship to innovative design teams.

SUMMRELAN

In this project, we were given an existing floor plan and the creative freedom to reimagine it. I chose to design this house based on what I envision my own dream home to look and feel like. I imagined living in a forest, far from the city, surrounded by warm, inviting textures, natural colors, and lush greenery. It's a place where I could host parties for my friends — where we could dance, sing, and celebrate — yet also a space where I could unwind, recharge, and truly be myself.
